Digital Content Development Coordinator

Job Description: An employee in this position manages the provision of digital content to optimize branding, online presence, and user experience. This includes the website, OPAC, social media, and other online library services. This employee also develops and manages internal digital services for staff and performs related work as apparent or assigned. Work is performed in accordance with Fontana Regional Library (FRL) policies, guidelines, and procedures. Work may involve driving a library vehicle. Work is performed under the supervision of the Regional Director.

Job Duties

Job descriptions are intended to present a descriptive list of the range of duties performed by employees in the job. Descriptions are not intended to reflect all duties performed within the job. Any one position may not include all listed duties.

1. Maintains confidentiality and privacy of protected information.
2. Coordinates web projects across departments, including developing and maintaining a master content calendar.
3. Manages and leverages digital resources such as video and photo archives.
4. Serves as a brand champion by ensuring consistency in tone of voice and visual appeal in all forms of digital communication.
5. Creates, develops, and manages digital information and original content, including blogs, social media, the library’s discovery system, content management systems, staff intranet, and websites to ensure positive user experience.
6. Proofreads, copyedits, and curates user-submitted digital content.
7. Provides input into services, programs, and exhibits from a digital assets and technical perspective.
8. Monitors digital content created by FRL to ensure information displayed to the public is accurate and current.
9. Manages FRL online reputation.
10. Interprets and analyzes site and user metrics to ensure optimal alignment between the needs of the library and patron.
11. Communicates new and ongoing digital library services to staff and patrons through training, meetings, or online means.
12. Designs and produces web promotions using graphics design software.
13. Works cooperatively with the Marketing and Fund Development Coordinator to develop and implement online marketing initiatives.
14. Works in a team with the marketing and advocacy committee to use digital content to effectively market library services and programs to support the FRL mission and advance the FRL vision.
15. Works in a team with the technology workgroup to ensure technology requirements for the FRL online presence are optimal.
16. Facilitates the social media committee to maintain web-related media and resources and develop a cohesive online presence that supports the FRL mission, vision, and brand.
17. Produces reports on digital marketing campaign performance and offers search engine optimization (SEO) recommendations.
18. Supports organizational goals and objectives by participating in library system and community collaborations.
Digital Content Development Coordinator
