

Photo Release Policy

The Fontana Regional Libraries may take photographs or record images of participants or patrons, individually or in groups, attending or taking part in Library programs or activities. Programs, events and classes are photographed and/or videotaped for library promotional purposes. Notify library staff if you prefer not to be photographed. **By attending Library programs or activities, participants and patrons consent to being photographed and/or recorded.** Notification of this will be provided verbally and through signage at Library programs or activities.

Participants' and patrons' names and other identifying information will not accompany any published photographs or recorded images without written consent (via the FRL Media Release Form) from the participant or patron, or if a minor, the minor's parent or guardian. In the case of images published on the web, FRL is not liable for the tagging of images in social networking platforms such as Facebook or Flickr.

If a participant or patron does not wish himself/herself or his/her child photographed or recorded, the participant or patron must notify library staff.
