Since 1999, the Reading Rover Bookmobile has been a faithful friend to area preschoolers and their teachers.

Why a Visit From Rover is Important

Many area children do not have access to books and storytime at home. Early exposure to books and reading provides vital pre-reading skills necessary to prepare children to read on their own.

Why We Are Asking You to Feed Rover

"Rover costs \$52,000 a year to deliver its books and stories to children. That's over \$4,300 a month. The Rover receives funding from state, local, and grant funds, as well as generous donations from our Friends the Library groups and members of the public, like you. With the rising costs of fuel and vehicle maintenance, as well as the increase in the cost of library books and education materials, it's a challenge to keep the Rover on the road. We need your help to continue bringing this special service to the children in our communities."

The Reading Rover Bookmobile travels over **500** miles each month delivering quality early literacy materials and programming to just over **650** children in **70** preschool classrooms.
